

**MARY BRICKELL  
VILLAGE**  
MIAMI, FLORIDA  
CLIENT: CONSTRUCTA US

Mary Brickell Village is a mixed-use, urban lifestyle center located in the heart of Miami's Brickell financial district. LEUNG as a member of a design team collaborated with Beame Architectural Partnership to design this village as an urban renewal project. The themed 'open air' architecture brought together the indoors and outdoors. The landscape design created a setting that is pedestrian oriented and human in scale. The village center is laid out with public plazas, intimate spaces surrounded by mature live oaks, mahogany trees and lush tropical vegetation, soothing water features and entertainment venues.
