**MIAMI BEACH, FLORIDA**  
**CLIENT: MARRIOTT RENAISSANCE HOTELS**

Designed by famed architect Morris Lapidus, this Miami Beach landmark has suffered deterioration from years of exposure to oceanfront elements. The Eden Roc Hotel management in conjunction with Marriott conducted a comprehensive renovation of this historical landmark in Miami Beach, Florida. The redevelopment work included reorganization of the exterior circulation, major event spaces, the entire swimming pool deck area to open views to the ocean.
