

SANDY PLAINS CENTRE
MARIETTA, GEORGIA
CLIENT: EDENS

Sandy Plains Centre is located in the suburban area of Marietta, Atlanta. LP+D was retained to provide landscape architecture design for retail sidewalk area and the 20+ acre site improvements. The design approach employs different strategies, most importantly to provide better visual access to the stores. A project identity and reduce overall landscape maintenance were also important. Plant material such as native grasses and groundcover were selected to improve visual penetration, reduce lawn areas to lower maintenance. Landscape planting with textures and colors to create a modern, simple vocabulary to compliment architecture renewal.
